

PRESENTING THE NEXT EVOLUTION OF CONSCIOUS ARTISTRY

# SOULFORCE ACTIVATION

12 WEEKS TO HARNESS YOUR INNER POWER, DISCOVER YOUR ARTISTIC PURPOSE, CREATE MORE FREELY, AND TOUCH LIVES WITH YOUR ART

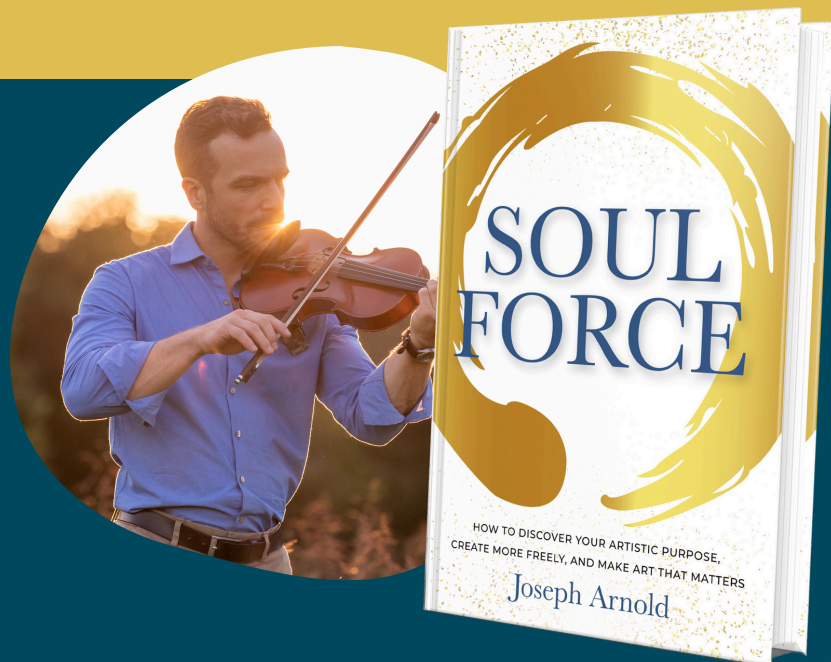

**IMAGINE...** creative sessions where you consistently walk away feeling **joyful** and **inspired**; shows where you and your audience feel **connected** and **uplifted**; a creative process that heals your **body, mind,** and **soul** and which sends ripples of healing everywhere.

How do you achieve all this? By **activating your Soulforce** - the transformative creative power that lies waiting inside you.

Unfortunately, many artists and creatives lose touch with their Soulforce along the way. The result? Creative blocks, overuse injuries, performance anxiety, the inner critic, self-doubt, boredom, burnout, difficulty making a living, and the fear that your art doesn't really matter. In other words, **creative death**.

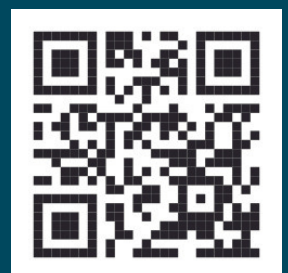

What many don't know is that all these issues share the **same root cause**: inactive Soulforce. Re-activate your Soulforce and they **all can be reversed** - effectively, efficiently, and for good.

**Soulforce Activation** is a 12-week intensive designed to help you as an artist, musician, or other creative activate your Soulforce. **It is the fastest, most effective, and most enjoyable way of overcoming your creative, physical, emotional, and spiritual blocks.**

Designed for **growth-oriented artists** of all kinds and backgrounds, Soulforce Activation rests on the idea that your art, well-being, and impact on a world in need are all connected. Activate your Soulforce and become a more empowered artist!
